

Pro Nautic

The hose with **patented technology** that **prevents knots and kinks** in your garden. Unique manageability and flexibility. Thanks to its braided textile reinforcement and latex-like materials, it prevents the formation of knots and kinks during use.

Features

- Resistant to sea salt, anti-UV, anti-algae and anti-abrasion.
- High resistance to breakage under elongation, kinks, and twists.
- Hard to kink, yet very flexible and manageable.
- Withstands temperatures between -30°C to +70°C.
- Pipe with good chemical resistance, associated with the usual properties of PVC.

DOMESTIC USE

FOOD-GRADE USE

HIGH MANAGEABILITY

HIGH FLEXIBILITY

ANTI-UV PROTECTION

ANTI-ABRASION

TEMPERATURE -20°C A 60°C

HIGH QUALITY CONTROL

Applications

- Gardening, horticulture, and floriculture irrigation.
- Cleaning of recreational boats.
- Specifically designed for use in marine environments.

Ø EXT mm	Ø INT. in	WEIGHT g/m	OPERATING PRESSURE mm
20	5/8"	170	10
25	3/4"	250	10
32	1"	370	8

Pressure at room temperature in laboratory / Nominal values without considering manufacturing tolerances. Depending on technical developments, specifications may be modified without advance notice being given. Consult us for other diameters, colours and features. Ask our Sales Department about the minimum purchase amounts assigned to non-standard diameters.
