

Espirokit Suction

Seven-metre section of special suction hose with 1" connector accessories, female fitting and check suction valve.

Applications

- ▶ Pumping and suction in agricultural irrigation and gardening.
- ▶ Installation in small bilge pumps for the suction of liquids in ponds, gardens and similar domestic uses.

Features

- For food use in accordance with European regulations EC 1935/2004 and EU 10/2011 (see declaration of conformity).
- The hose wall is smooth on the inside and corrugated on the outside.
- Good chemical resistance associated with PVC's resistance chart.
- Supplied in 7-metre rolls with two 1" connectors, assembled and fixed, one of which is equipped with a check suction valve, in metal or plastic.
- Recommended temperature for use between -10°C and 60°C.
